Virtudent Visits Spaulding Academy & Family Services

Northfield, NH – Virtudent, a Boston-based mobile dental clinic and teledentistry service provider, recently visited Spaulding Academy & Family Services (formerly Spaulding Youth Center) to provide dental cleanings, x-rays, and fluoride to 26 residential children scheduled over two days. The program is offered free to Spaulding Academy & Family Services through sponsorship and cooperation with Northeast Delta Dental.

Under the supervision of a dentist, a dental hygienist conducted the basic preventive dental appointments, which included cleanings and comprehensive oral exams to determine patient risk of oral cancer, gum disease, and cavities. Some children received digital dental x-rays and intraoral photographs, which were reviewed remotely by a team of dentists. In cases where additional treatment was deemed necessary, referrals were made to a local dentist and records were securely transferred to the selected provider to ensure proper continuation of care.

“Northeast Delta Dental is fortunate to have robust experience with teledentistry,” said Tom Raffio, Northeast Delta Dental's President & CEO. “We are proud to lead the way in the delivery of teledentistry to underserved populations and blaze the trail as a helpful resource.”

The children enjoyed remaining in a comfortable environment surrounded by their peers and trusted staff members while receiving teledentistry services. The visits successfully kept anxiety levels low and addressed the importance of oral health and overall self-care.

“We are grateful to Northeast Delta Dental and Virtudent for making this service available to our children, many of whom experience extreme stress when visiting dental providers off-campus,” said Todd Emmons, President & CEO, Spaulding Academy & Family Services. “Our

organization is dedicated to achieving optimal physical and emotional health for the children in our care, and these generous and convenient teledentistry opportunities provide a helpful solution.”
